(1) UCLA calculated six year graduation rates for first professional entering cohorts of law, dentistry and medical students. However, a significant number of first professional students pursue other degrees simultaneously, and take longer to graduate. These rates would be higher if the end dates were extended, particularly as M.D. students who are pursuing Ph.D. degrees in the Medical Scientist Training Program (MSTP) finish their studies.

(2) Because of small cell sizes, Am Indian/Alaska Native and Non-Resident Alien are included in Ethnicity Unknown.
